Black Diamond CVD End Mills

MWI introduces the new *Black Diamond Shredder* roughing end mill for all your heavy duty graphite machining. These end mills are designed to remove large amounts of material quickly and more efficiently than standard end mills.

Shredder Style Cutter

Item #: J2.5-S-SHREDDER 1/2" SQUARE 2" LOC 2.5" REACH 4" OAL

Item #: J2.5-B-SHREDDER 1/2" BALL 2" LOC 2.5" REACH 4" OAL

Item #: I2.5-S-SHREDDER 3/8" SQUARE 2" LOC 2.5" REACH 4" OAL

Item #: I2.5-B-SHREDDER 3/8" BALL 2" LOC 2.5" REACH 4" OAL

Item #: M12-S-SHREDDER 12mm SQUARE 50mm LOC 75mm REACH 100mm OAL

Item #: M12-B-SHREDDER 12mm BALL 50mm LOC 75mm REACH 100mm OAL

Black Diamond End Mill Benefits

- 1 Longer life on finished tools
- 2 Higher productivity from increased feeds & speeds
- 3 Improved overall cost of tooling
- 4 Decreased down time for tool changes
- 5 No harmonics
